Ancillary Review Overview

Ancillary reviews allow individuals, departments, offices, and other additional reviewers to give feedback, approval, and/or provide documentation on the submission in parallel with the agreement review. During review, the owner/reviewer will manually select the reviewer or reviewing organization/department each time a review is needed or required. Ancillary reviewers can be added to an initial agreement or an amendment.

Ancillary review can be assigned from pre-submission through internal/external review. An ancillary reviewer can only complete their approval activity during this time (between pre-submission and internal/external review). If an ancillary review is left incomplete upon approval/activation, it can no longer be completed on that submission.

Assigning ancillary review is a useful tool for identifying the following necessary reviews on a submission which either a) must be recorded and tracked as a separate and specific review type; or b) if the ancillary reviewer must access the submission to complete their review.

Types of Ancillary Review

Ancillary review can be used to track the following consultations or approvals during review of the agreement. In some cases, the DUA reviewer will use the Log Correspondence activity for unofficial recommendations.

<table>
<thead>
<tr>
<th>Review Type</th>
<th>Ordinarily required, if applicable</th>
</tr>
</thead>
<tbody>
<tr>
<td>Information Security Consultation</td>
<td>Yes</td>
</tr>
<tr>
<td>Local SSO Review</td>
<td>Yes</td>
</tr>
<tr>
<td>Local IT Review (such as for resources/provisioning)</td>
<td>No</td>
</tr>
<tr>
<td>IRB Consultation</td>
<td>No</td>
</tr>
<tr>
<td>Export Control Consultation</td>
<td>Yes</td>
</tr>
<tr>
<td>COMS Consultation</td>
<td>No (could be Yes, if DURC)</td>
</tr>
<tr>
<td>Provost Consultation</td>
<td>Yes</td>
</tr>
<tr>
<td>OGC Consultation</td>
<td>Yes (in some cases – it is sought but not required)</td>
</tr>
<tr>
<td>OTD Consultation</td>
<td>Yes (in some cases – it is sought but not required)</td>
</tr>
<tr>
<td>Department / School Consultation</td>
<td>No (unless there are unusual risks or substantial charge)</td>
</tr>
</tbody>
</table>

While the management of ancillary review can be completed by the DUA team, the best practice is for only the reviewing/submitting office to complete these activities. The owner/reviewer can assign an ancillary review for the reviewer to complete approval or they can record an ancillary review on behalf of the reviewer.
Logging In

The Agreements system is secure, which means only authorized individuals have access to it. When you log in to the system, you get a personalized view of the information and possible actions pertinent to you.

To log in:
1. Locate your HarvardKey and password
2. Navigate to dua.harvard.edu
3. Ensure the correct log in type tab is selected
4. Enter your credentials (HarvardKey and password) in the appropriate spaces
5. Click the "Login" button
6. Once authenticated, you will be taken into the Agreements system, to your personal workspace

If you are unable to log in, contact the DUA Help Desk at duahelp@harvard.edu

Accessing a Submission

You may want to go to a specific submission workspace (webpage) to view or update its contents, submit it for review, review it, or take other actions. Note that your access to a submission is personalized based on your role in the system and the role you play in relation to the particular submission. In addition, the actions you can take on a submission are personalized.

To view a submission workspace (webpage), click the submission name when you find it in a list of studies.

To find a list that includes the submission name:
- My Inbox (only items that require attention): Click the My Inbox link in the top navigation header. This list displays submissions assigned to you for action/review, along with submissions you are preparing to submit or items where you need to submit response to a requested clarification.

OR
- Agreements (all items to which you have access in the Agreement System): Click Agreements in the top navigation header and select the All Agreements tab. The lists display workspaces for all agreements and amendments entered into the agreements system that you have permissions to view.
Tips:

- Try filtering this list by the submission name or Principal Investigator (PI) last name. Next to Filter by, select **Name** or **Investigator**. Then type the beginning of the name and click **Go**.
- View the **State** column to see where the submission is in the review process.

Submission Workspace Overview

Initial/Main Agreement and Amendment submission workspaces are formatted similarly. However, the following general concepts apply to navigation:

- The Initial/Main Agreement workspace (labeled with numbers DUA##-####) always has the most current approved information and materials for an agreement.
- The Amendment workspace (webpage) is used actively during the review of that submission only. Once a determination is made (or the submission is discarded), Amendment workspaces are used for reference only and should not be the go-to location for DUA information.

Workspace Regions

*Image displays the Initial/Main Agreement workspace for reference.*
<table>
<thead>
<tr>
<th>Region</th>
<th>Information in this region</th>
</tr>
</thead>
</table>
| 1      | **Breadcrumb** Available in all workspaces, click the double arrow [>>] to view the breadcrumb bar. This provides additional navigation links to the parent page for each view. Use links to navigate to the following information:  
- Agreements for all submissions,  
- Agreement name to navigate to the Initial/Main Agreement workspace, or  
- Submission name to navigate to the submission workspace. |
| 2      | **Status** Visible in all workspaces, the status region will show:  
- The status of the submission once it is created and through the review process,  
- Information about when a submission was sent to the ORA/SPA/OSP and updated,  
- The name of the creator, PI/Agreement Manager, and Owner/Reviewer, and  
- Effective and expiration dates for reference, as applicable. |
| 3      | **Next Steps** Visible in all workspaces, this set of blue buttons allows for:  
- Editing or viewing the current submission SmartForm,  
- Displaying a printer version,  
- Viewing changes over time, and  
- On Initial/Main Agreement workspaces only: Creating new Amendment submission for the agreement. |
| 4      | **Activities** Visible on all workspaces, activity buttons display depending on the type of submission, the status of the submission, and your role on the agreement. Mostly, activities displayed take action on the submission only. Assign PI Proxy is only visible on the Initial/Main Agreement workspace. |
| 5      | **Submission Overview** This section displays the following submission-specific items for reference:  
- Number and name of the submission/workspace being viewed  
- Submission and agreement type  
- Agreement office, Department and Contracting party  
- Image of the state of review for the submission. Note that when viewing an Initial/Main Agreement workspace the image may indicate “Active” while an associated amendment submission is under review.  
- At the bottom of this space, ORA/SPA/OSP and ancillary reviewers will also see a section summarizing ancillary review status. |
| 6      | **Submission Tabs** On a submission, the Initial/Main Agreement workspace shows all current approved details (including documents and contacts) while all amendment submission workspaces display information that was proposed at the time of review. Click on tabs to view:  
- **History** Information about each action taken on a submission and in-brief view of comments or activity attachments.  
- **Communication Summary** Information about any correspondence logged. Visibility into correspondence (and the ability to manage correspondence status) is based on your role on the submission or how you are associated with the correspondence.  
- **Amendments** Only if there are any amendments associated with the Initial/Main Agreement, links to all associated amendments are listed.  
- **Agreement Documents** A list of all drafted and signed documents. Review details, including Highlighted Terms, the Data Security Level and specific regulatory elements are also listed here, as identified and as applicable. |
• **Related Agreements** A list of agreement or IRB items associated with this request. This list is managed via the “Manage Relationships” activity.

• **Contacts** List of all individuals associated with this agreement: The Owner/Reviewer, Contracting Party, PI/Agreement Manager, Creator, and team members as listed on the SmartForm.

• **Snapshots** View of the application at each change in state (for example, the appearance of the SmartForm between internal review and changes submitted).

---

### Reviewing a Submission

**To view the details of a submission:**

1. Log in to dua.harvard.edu
2. Navigate to the submission (see Finding Submissions for more instructions).
3. Read through the submission details (see Viewing Submission Details for more instructions).

---

### Viewing Submission Details

Depending on your role or the actions required, you may need to view detailed information provided as part of the submission.

**To view the details of a submission:**

1. From My Inbox, click the name of the submission to open it.
   - **Note:** If the submission does not appear in your inbox, see Finding Submissions.
2. View the SmartForm
   a. Page by page, with linked documents
      For an initial submission, click **View or Edit Agreement**
      For an amendment, click **View or Edit Amendment**
      Use the Continue and Back buttons to view all of the pages and attachments.

   OR

   b. As one page with linked documents, click **Printer Version**
To view the documents included as part of the submission, you have these options:

1. While viewing the details of the agreement submission (as instructed above), click the name of each document when you encounter it on the various forms. Documents are listed on page(s) of the SmartForm.

2. When you have opened the submission workspace (as in step 1 above), you can view a list of all the attached documents in one place by clicking the Agreement Documents tab.

```
<table>
<thead>
<tr>
<th>History</th>
<th>Communication</th>
<th>Agreement Documents</th>
<th>Contacts</th>
</tr>
</thead>
</table>
```

To view the information entered during review, negotiations, as part of ancillary or tracked elements (including data security level):

1. Open the submission as instructed in step 1 above.

2. View Ancillary notes on the workspace, under the workflow

3. View any review activity and notes on the History tab

4. View tracked elements on the Agreement Documents tab

**Requesting Additional Information on a Submission**

During the course of your ancillary review, if you would like to request changes to the agreement or to provide additional information, you can:

- Communicate via separate email messaging, outside of the system and until information is received.

  **OR**

- Communicate via the comment space in the Submit Ancillary Review activity. (see Submitting an Ancillary Review Decision for more instructions).

**Submitting an Ancillary Review Decision**

The procedures below assume that the DUA team has completed any needed revisions and review is complete.

**To complete an ancillary review:**

1. Log in to dua.harvard.edu
2. Navigate to the submission (see Accessing a Submission for more instructions).
3. From the submission, Click Submit Ancillary Review on the left. A pop up window will open with questions.
• If you have received a notification that Ancillary review is required, but you are unable to locate the above activity contact the Owner/Reviewer for more information about what documentation or approval may be required.
• If the Owner/Reviewer is recording an ancillary determination on behalf of the reviewer, the Manage Ancillary Approvals activity will be used to update the review type.

4. Complete the questions in the activity form:

   ![Submit Ancillary Review Form](image)

   **Question 1:** Select the review you are completing from the list.
   **Important!** For review types indicated as required (Required column reads: yes), your approval is required before DUA review can be completed.

   **Question 2:**
   Mark “Yes” if your review is complete and the agreement or amendment may be activated/approved. Mark “No” only if you must communicate information to the DUA team or Owner/Reviewer and the information is mandatory before your review can be completed. Marking “No” on a required review will still block the agreement from activation/approval.

   **Question 3:** Fill in a comment, if one is available.

   **Question 4:** Attach any relevant information or documentation.

5. Click **OK**.

   Upon completion of this activity, the system sends a notification of review update to the submission creator and Owner/Reviewer. Additionally, the review and comments completed here are shown on the History to everyone who can access the submission.

---

**Generating Standard Reports**

The Agreements system includes standard reports to help you find relevant submissions and understand the overall operation of the Agreement offices.
The reports provide links to the individual submissions, as well as sorting and filtering options.

Any user has access to reports, but the data in the reports is limited to the submissions visible to the individual because of their role in the system or on a submission.

**To generate a standard report:**

1. Log in to dua.harvard.edu
2. Click **Agreements** in the top navigator.
3. Click **Reports** on the left.
   - The list of standard reports appears.
4. Identify the report to generate and click the link.
5. The report appears, listing the relevant submissions.

**Tips:**

- Try filtering the list by status. Next to Filter by, select **Status**. Then type the state to view, such as **Active** for an agreement and click **Go**.

- When using the **Export** option, it is very important to only click this button once. The pop up takes a moment to appear. Clicking Export multiple times may cause many requests to queue, block your actual export request. If you receive a “your request is in queue...” message, it means that someone else is running an export also. Leave that pop up window open and the export will begin via that window as soon as the previous request is complete.

If you or members of your office **require special access** to multiple studies or reports for a department or school, please contact your reviewing office or **duahelp@harvard.edu** for special access.
# Finding More Information

<table>
